

Wiley Online Books タイトル

	タイトル	著者	O-Book ISBN
1	Flood Damage Survey and Assessment: New Insights from Research and Practice	Molinari	9781119217930
2	Water-Energy-Food Nexus: Principles and Practices	Salam	9781119243175
3	Dawn-Dusk Asymmetries in Planetary Plasma Environments	Haaland	9781119216346
4	Bioenergy and Land Use Change	Qin	9781119297376
5	Microstructural Geochronology: Planetary Records Down to Atom Scale	Moser	9781119227250
6	Global Flood Hazard: Applications in Modeling, Mapping, and Forecasting	Schumann	9781119217886
7	Pre-Earthquake Processes: A Multidisciplinary Approach to Earthquake Prediction Studies	Ouzounov	9781119156949
8	Electric Currents in Geospace and Beyond	Keiling	9781119324522
9	Quantifying Uncertainty in Subsurface Systems	Scheidt	9781119325888
10	Petroleum Engineering - Principles, Calculations and Workflows	Sanni	9781119387985
11	Geological Carbon Storage: Subsurface Seals and Caprock Integrity	Vialle	9781119118657
12	Lithospheric Discontinuities	Yuan	9781119249740
13	Chemostratigraphy Across Major Chronological Boundaries	Sial	9781119382508
14	Mathematical Geoenergy - Discovery, Depletion and Renewal	Pukite	9781119434351
15	Ore Deposits - Origin, Exploration, and Exploitation	Decree	9781119290544
16	Kuroshio Current - Physical, Biogeochemical and Ecosystem Dynamics	Nagai	9781119428428
17	Geomagnetically Induced Currents from the Sun to the Power Grid	Gannon	9781119434412
18	Shale - Subsurface Science and Engineering	Dewers	9781119066699
19	Handbook of Statistical Genomics 4e	Balding	9781119487845
